REMARKS

Applicants submit this Supplemental Amendment in order to address the issues discussed with the Examiner on April 11, 2005. In particular, applicants note with appreciation the indication by the Examiner that the rejection under 35 U.S.C. §112, second paragraph had been withdrawn. Applicants have also made the amendments requested by the Office. Specifically, claim 30 has been amended to eliminate a minor typographical error and claims 32 and 33 have been amended to depend from claim 31 instead of claim 1. Applicants are also submitting a Terminal Disclaimer, as requested. Accordingly, all bases for rejection have been overcome.

CONCLUSION

Applicants respectfully submit that the claims define a patentable invention. Accordingly, a Notice of Allowance is believed in order and an early notification to that effect would be appreciated.
